

## STRATHMORE COUNCIL HELD REGULAR MEETING

Mr. Wears was instructed to notify Mr. Hill's solicitor that the town is prepared to defend the action, which has been threatened by Mr. Hill's solicitor.

The report of Auditor J. H. Cope was read, which stated that the first quarters audit had been completed to March 31, and everything found in order, and the books balanced to that date.

A communication was read from S. H. Crowther, Secretary of the Empire Day Committee, requesting that a small grant be made towards the expenses of the Day.

The Mayor and Councillors very heartily endorsed the effort being made to instill the spirit of patriotism in the children, and recommended that a grant of \$15 be made, which was passed.

Councillor Saunders requested the use of the Town Hall on Friday night, April 22, for the use of the Baseball Club to hold their annual meeting, which was granted.

Current accounts amounting to \$235 were referred to the Finance Committee, instructing that same be paid if found correct.

Councillor Schulte very ably presented the request of the Women's Institute for the securing of a lot on Second St. next to Colt's Meat Mar-

ket, upon which they propose to build a two story building, primarily to be used as a Rest Room for the ladies of Strathmore and district.

Mayor Shrimpton strongly endorsed the suggestion, and enlarged upon the needs of such a place, citing the fact that while the men had numerous places where they could put in any spare time, that the women, often accompanied by one or more small children, had no place where they were at liberty to go.

The Council, after due consideration

of the meter, and concluding that it is a real community work, decided to sell the lot in question for the nominal sum of \$1 and necessary legal transfer fees, plans of the building to be submitted and approved of by the Council before transfer is issued.

Councillor Scott has made a strong appeal in regard to having the nuisance ground put in an orderly condition.

Councillor Bailey explained that Contractor Cleeve had not yet had an opportunity to do the necessary work owing to weather conditions, and assured the members that he did not think there would be any cause for complaint as soon as the work could be reached.

Mr. J. H. Schulte protested that Councillor Saunders was robbing him of some of his "net" ammunition.

Councillor Bailey reported that he was making an effort to fix up the most dangerous spot on the Calgary Highway, and the mayor very heartily approved, having had quite an experience getting through that territory last Sunday, which had only been made possible mainly through the engineering ability of the local Minister of Public Works, and the efforts of the latter's thoroughbred team—mainly the latter.

The question of further completing the work at the new Power House was very freely discussed. It was decided to call on Mr. M. S. Fretz or

The Court of Revision will be held at the next meeting of the Council Tuesday, May 3rd. Very few appeals have been entered up to date, which will make the work of the court comparatively light.

---

A number of bills were authorized paid,

D. N. GARDINER,

Secretary-Treasurer

### A NEW WORLD'S CHAMPION FOR CANADA

Announcement made from the R.O.P. Division of the Department of Agriculture of a new world's record performance in yearly test by the four-year-old heifer Manor Keya Bittina, 94711. Freshening at the age of four years ten months, this heifer completed, on March 6, a yearly record of 55,402 lbs. milk, 1,251 lbs. fat (1,942.75 lbs. butter), showing an average test for the year of 5.55% fat. This exceeds the previous world's record in the senior four-year-old class, 13,129 lbs. fat by the South Dakota heifer, Redfield Signi Johanna. It is in fact, a higher record for fat production than has ever been completed by a cow or heifer of any age or breed in the

United States and is fourth largest on the North American continent, being exceeded only by the three Canadian Holstein-Friesians, D.K. 101 Plus Signi Bode (13,821 lbs. fat), Ansona Signi May Ede (12,135 lbs. fat) and Bolla Pauline (12,276 lbs. fat). At the commencement of her lactation Manor Keya Bittina made an official 7-day record of 54,170 lbs. butter, 675.1 lbs. milk, and produced as high as 112 lbs. in a day. She milked as late as the last day of the test, and her owner advises that she finished her year's work in wonderful bloom, weighing 1,825 lbs. and never showed any sign of sickness through the whole year of hard work. She was bred by Gordon S. Goodham, Clarkson, Ont., and is owned by Landon C. Moorehead, Sackville, Ont.

### CALGARY-STRATHMORE HIGHWAY ACTUALLY TOWN LIABILITY

The abominable condition of the Calgary-Strathmore highway at the outskirts of the town still exists, though not quite so dangerous as it was a short time ago, owing solely to weather conditions, and not that anything has been done to improve it. The advertising that Strathmore has received in the published reports of the Auto Club does not make pleasant reading, nor has it been beneficial to the trade of the town.

The tourists at one time were advised to travel by way of Strathmore, now the information is broadcasted to keep away from Strathmore.

Is not a serious situation for the business men who are paying heavy taxes?

Should such a condition be allowed to continue without very special effort being made to remedy it? In the meantime, the Councilors are inactive, maintaining that the province should complete the highway.

The Provincial Department of Public Works have said in the past that they would not build highways through any town.

The result is a dead-lock, and so far as the Standard has been informed, no action has been taken to meet the new Minister of Public Works, the Hon. O. L. Macpherson.

The tax payers of Strathmore and the Bow Valley are paying their share of building a real highway; they are further paying indirectly through damage to their cars, unknown amounts, besides being possible victims of a bad accident.

The town, undoubtedly, is carrying a great liability risk of being sued for damages should anyone be seriously injured or their cars sustain damage, and this case against them would not be considered lightly by any court, owing to the complete lack of action to remedy the condition.

C. Buckley, M.L.A., gave Councilor Schulte very valuable assistance when the east road concessions were obtained from the Provincial Department last Fall, and the Standard would urge upon him the necessity of acting again in getting the interested parties together, and endeavor to obtain relief.

He, it would seem, is the man who has the necessary diplomacy to obtain a settlement.

A slogan that was used most effectively during the war was "Your Country Needs You".

Mr. Buckley, at the present time "Your Strathmore Constituents Need You."

### AMERICAN MARKET STRONG FOR YOUNG STOCK

The monthly commercial letter issued by the Canadian Bank of Commerce has the following in regards to markets and prices:

"The general level of commodity prices declined between mid-February and mid-March. In wheat prices, up to 10th March, there was but little change from the previous month, but

the market weakened, as with a large increase in the exports from Australia and continued large shipments available were more than sufficient to meet the immediate requirements of importing countries. The probability of an early reopening of navigation on the Great Lakes also exerted some restraint on the part of grain buyers abroad. An unexpected development was that some Argentine wheat landed at Liverpool was of poor quality, and this caused greater demand for the Canadian product and increased the spread between the price of the latter and the quotations for Argentine and American wheat.

The receipts of livestock at the principal stock yards were lighter, and during the greater part of the past

month cattle were marketed at higher prices. There was a strong demand from the United States for young stock and the prospect that larger shipments would be made to that market. Some improvement was noticeable in the English market, but the exports to that country were not greatly increased. Prices of hogs declined as a result of weakness in the United States market, which has taken large quantities of Canadian hogs and pork products, offsetting the reduced exports to Great Britain. The developments affecting the prices for dairy products are dealt with elsewhere in this letter. During the past month there have been but few important developments in the wool, silk and rayon markets. The world's cotton crop for the 1926-27 season is officially estimated at 29,000,000 bales, as compared with 27,500,000 bales in the previous year. The metal markets have been comparatively firm. There has been some reduction in the output of copper which served to maintain the higher price, 13% cents, established a few weeks ago. There was a marked rise in the price of tin, the London quotation reaching early in March the highest point since 1920.

There has been a further decline in the price of sugar owing, it is believed, to an increase in the Cuban stocks and to reports that European countries would this year have larger acreage sown to beet sugar. The present price, however, is still well above that at this time last year and apparently the holders of raw sugar expect that the large supplies now available will be reduced during the next few months. The crude rubber market was stronger until 14th March, when the stocks in the United States at 24th February were announced as over 30,000 tons; prices then weakened but have since risen slightly as a result of an increase in the demand for automobile tires from the manufacturers.

Crude oil, kerosene and gasoline prices have been reduced by producers and refiners; production in the United States has declined somewhat, but it is still higher than in the corresponding period of 1926.

### RURAL POSTMASTERS HAVE BEEN TREATED UNFAIRLY

The 1926 budget, which was brought down last year, carried with it a reduction in postage upon letters from 2c to 1c, and was very popular legislation with the electors.

The reduction in any expense is always popular with the people, but this particular case penalizes those who give the greatest service for the least pay of any in the public service, viz. the rural postmasters.

The rural Postmaster is paid solely upon a commission based upon sales of stamps, etc., and in reducing the postage rate in many cases the revenue of the postmaster has been cut almost one-half.

Is that fair to the people whose work furnishes such a necessary service, requiring efficiency and constant vigilance?

The Dominion Government without question should increase the percentage upon sales in order that the earnings of these excellent officials may not be reduced.

The Government recently decided not only to not decrease the salaries of the postal official in the larger centers but to grant an increase of \$10. per month proving that they recognize the value of services rendered.

The lowering of the rate of postage without increasing the commission per centage is simply making them

Mothers should know this

THE CANADA STARCH CO., LIMITED

MONTREAL

EDWARDSBURG

**CROWN BRAND CORN SYRUP**

who are really interested in the matter of education, to accept it, in fact, in many sections, enough rate-payers do not turn up to the annual meeting to furnish a chairman and enough candidates to complete the board, resulting in many cases in men accepting office, not because they are interested in educational matters and prepared to give their time and attention, but just to comply with the law.

The Board of Education would be handicapped economically and recommendations made by such a body would carry much more weight with the Department of Education.

In Western Canada the municipal councils serve a very much larger area than in Eastern Canada, and thus have been enabled to engage the services of well trained specialists as secretaries, with results so beneficial that no one would suggest reducing to smaller districts.

The ratepayers each year receive the benefits of the trained men's experience.

Surely it would be quite as effective in the matter of handling the school affairs.

### RURAL POSTMASTERS HAVE BEEN TREATED UNFAIRLY

The 1926 budget, which was brought down last year, carried with it a reduction in postage upon letters from 2c to 1c, and was very popular legislation with the electors.

The reduction in any expense is always popular with the people, but this particular case penalizes those who give the greatest service for the least pay of any in the public service, viz. the rural postmasters.

The rural Postmaster is paid solely upon a commission based upon sales of stamps, etc., and in reducing the postage rate in many cases the revenue of the postmaster has been cut almost one-half.

Is that fair to the people whose work furnishes such a necessary service, requiring efficiency and constant vigilance?

The Dominion Government without question should increase the percentage upon sales in order that the earnings of these excellent officials may not be reduced.

The Government recently decided not only to not decrease the salaries of the postal official in the larger centers but to grant an increase of \$10. per month proving that they recognize the value of services rendered.

The lowering of the rate of postage without increasing the commission per centage is simply making them

undervalued public servants pay an unequitable share in securing for the public the benefit of the reduced rate.

The theory that there will be more stamps used hardly applies to the smaller communities while possibly that argument might apply in the larger business centers.

E. J. Garfield, M.P. might render the postmasters a real service by bringing to bear upon the Department his personal powers, to have this grievance remedied.

### FARMING DEVELOPMENT SCIENTIFIC EDUCATION

The Hon. J. S. Martin, Minister of Agriculture, Province of Ontario, who has made more than an international reputation for himself as a poultryman in producing his world famous Wyandotters, while presenting the estimates for his Department, admitted that the expenditures had increased, but also emphasized the fact that the revenue had also increased, and that they had been judicious and reasonable in the programme of assisting scientific farming.

Education must take place as a factor in improving economic conditions of the farmer, continued the minister, and by that he meant both what was understood as education in the technical sense and by the broadest interpretation of the word to cover the distribution of information of immediate practical value.

The Hon. George Howland, who very well effort to be liberal along the same lines in this province, where the needs for special scientific work are, if possible, more necessary in a land where so many inexperienced people are working on the land.

MANITOBA CO-OPERATIVE POULTRY AND EGG MARKET DEVELOPING

WINNIPEG, Man.—Poultry and egg marketing on a co-operative basis is developing rapidly in the Province of Manitoba. A recent statement issued by the Manitoba Co-operative Poultry Marketing Association, Limited—headquarters at Hartney—shows that in 1926 shipments of dressed poultry totaled 846,307 pounds, compared with 118,351 in 1922. Live poultry shipments totalled 85,446 pounds compared with 21,586 in 1922, and the export of eggs in 1926 ran to 1,242,560 dozens compared with 129,260 dozens in 1921. Dressed poultry was shipped from 78 points in 1926 compared with 9 points in 1922.

## Locals

Mr. R. S. Stocken has returned home from Denver, Colorado.

Jim Simmons was a Calgary visitor on Good Friday, and an interested visitor at the Royal Golf grounds.

Mr. and Mrs. W. D. MacLean and family, and Miss Evelyn Moore spent Easter with their parents, Mr. and Mrs. A. A. Moore.

Everybody should get busy and "eat the fly," as every one of these birds destroyed early in the season is the loss of thousands of them in the later season.

Mr. and Mrs. T. B. Higgins, of Calgary, were the Easter guests of their son, T. Spencer Higgins.

Harry Baker, formerly of the local branch of the Royal Bank, and now of the Calgary staff, and his wife, with his parents at Nanaima, and also visiting with some of his old friends in Strathmore.

Mr. Aldridge and son, Vick spent Easter with Mr. and Mrs. W. Vick.

Miss Marjorie Patrick, of New Day, formerly on the Strathmore school staff, spent Easter with her sister, Mrs. Noel White.

Johnnie Loucks, of the Duluth high team, passed through Strathmore on Sunday on his way home to Calgary. Johnnie was greeted by a number of his local friends and admirers, who were glad to learn that he had had a most successful season. He was a popular member of the local baseball club a few years ago.

The Hard Times Dance for Monday night was postponed until Friday, April 22nd.

Mr. M. S. Hirtle entertained on Tuesday night in honor of Miss Katie Matheson. In the guest list were Miss Matheson and Mr. Ray Melvin were the lucky winners, while Miss Edith Gray and Mr. Jim Gannon, owing to their social playing, had to be content with the consolation prize.

Mrs. George Hirtle, of Lacombe, died on Thursday of last week. The deceased lady was the mother of George H. Hirtle, of the Canadian Pacific National Bank, Lacombe, and when his friends extend their sympathy.

Mr. and Mrs. Bill Woodliffe, who have been spending their honeymoon at Galt Lake, Sask., are expected to arrive home on Sunday.

The Spelling Match on April 20th, in the Memorial Hall, has been received so little interest, and it is expected that many contestants will come in from the surrounding district schools. The pupil from the smallest school in the district has an equal chance to win, which is one of the features which make the Spelling Contest so popular. In addition, another feature, that creates a very keen interest is that it carries the older generation back to the good old days with many pleasant memories.

The I.O.G.E. debate will take place in the Memorial Hall on Monday, May 22nd. Subject: "Resolved that Socialism is the Best Solution for the Problems Existing Between Capital and Labor." Principal, S. H. Crowder, George Quinn, Rev. A. H. Rowe, and E. P. Foster, will carry on the battle and one of the best evening's entertainments is anticipated. Several others will assist in completing a very interesting program.

On Thursday night, April 20th, a reception and free dance will be given in honor of Mr. and Mrs. "Bill" Woodliffe in the Memorial Hall. The body welcome. The R.K.'s orchestra will furnish the music.

The committee in connection with the Empire Day Celebration is busy arranging a very interesting program. The day is anticipated with enthusiasm. The committee is well organized and is delighted with the outlook.

Mr. and Mrs. H. Hilton, of Nightingale, have been on the sick list for a few days.

Cliff Klummet, of Nightingale, has returned to Vancouver Valley, where he will carry on farming operations.

Cleve, Alberta (Continued) About from exams, Albert Redinger, Germaine Groux, Irene Groux, William Groux, champions production of its own for Charles Groux, Bob Hinder, Frank Miller, Ernest Wright, Florence Harwood.

## Safer Driving for Everybody

Talk to the car owners of today and see how many of them are depending on the safety features of Firestone Gum-Dipped Balloons! For Firestone engineers have designed and built these big tires—with full appreciation of their responsibility for the safety and comfort of that big army who use the motor car.

With Firestone Balloons there is no skidding, slipping or sliding. The tread is broad and scientifically designed to hold the road—on oily boulevard, slushy highway or frozen, rutted places. You will be delighted in the way the tread seems to iron out the road beneath you, giving freedom from jolts or jars.

The Firestone process of Gum-Dipping adds so much strength and flexibility to these tires that you get much more mileage and are relieved of annoying tire-troubles.

The Firestone Dealer will not only see that you have these better tires but will give you the better service that goes with these tires. Ask him to call and explain details.

used. Export chemist, at Iowa State College of Agriculture and the Mechanic Arts have already demonstrated that paper can be made from corn stalks and samples were exhibited here recently to members of Congress.

The economic troubles of the corn belt and the demand for a wider market for corn are exerting a strong pressure on the Department of Commerce, under which is the Bureau of Standards, to find practicable commercial way of making paper from corn stalks. If the experiments succeed, it is asserted that a revolution in the paper business will follow. In any event, the setting up of the proposed plant, which will be located in Iowa, will be watched with intense interest alike by corn producers, paper manufacturers and consumers of paper.

ELWOOD

Joe. Stubb is farming with a Ford

The Elwood school is now connected up with the Strathmore Telephone exchange.

Considerable and changed ownership during the high winds last week.

It is known that a Rockwood visitor last Thursday evening had a party.

The school is being decorated inside and out. Class A, C, of Strathmore.

Harold Schor was the first one the writer noticed wearing last week.

Several farmers are using the copper automatic dry treatment for smut in wheat.

This Thomson is building a garage.

F. P. Pinkerton was a Royal Arch visitor at Strathmore last Thursday evening.

## PAPER MANUFACTURE

### FROM CORN STALKS?

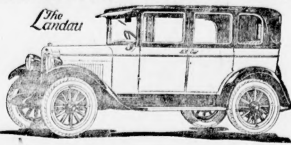

—C—

WASHINGTON, D. C.—The Bureau of Standards, of the Department of Commerce is getting ready to carry on important experiments in paper making. The work, which is in the nature of these proposed experiments feel they are likely to affect profoundly the business of manufacture of paper in Canada and the United States.

Although little attention was given it in the recent session, an appropriation was allowed by Congress under which the Bureau of Standards is authorized and required to set up a plant for experiments as to the commercial feasibility of making paper out of waste material. This plant will be set up in the corn belt and will take up, among other things, the manufacture of paper from corn stalks.

Corn producers in the Middle West are anxiously awaiting results of the experiments. The question of whether paper can be successfully made is not really involved. It has already been made, a variety of grades which call for solution and as to which experiments will be conducted by experts is whether it can be made cheaply enough to make it feasible to compete with paper made from pulp, and other materials now commonly

CANADIAN NATIONAL EUROPEAN TOURS

A maximum of travel through particularly interesting countries at a minimum of expense is provided in the Canadian National Educational Tours this summer through Scotland, England, France, Belgium, Switzerland and Italy.

Two tours have been arranged and sailing will be made from Montreal, July 8, on the S.S. "Andania," direct to Glasgow. Very careful attention has been given to itineraries involved.

Tour No. 1 is a 27-day trip on sea and land, visiting important cities in Scotland, England, France, Belgium, Switzerland. All expenses, \$172.50. Montreal to Great Britain and the Continent and return to Montreal.

Tour No. 2 is a 31-day trip on sea and land, visiting in Scotland, England, France, Belgium, Switzerland and Italy. All expenses, \$201.00. Montreal to Great Britain and the Continent and return to Montreal.

There will be low excursion fares to the seaboard from points in the Prairie Provinces.

These tours will be personally conducted from Western Canada, and while enroute will be under the direct care and supervision of thoroughly responsible and reliable organization, fully qualified in every particular to successfully look after the interests of our patrons.

The sight-seeing program is very complete and generous. Motor coaches and automobiles are freely used. All sight-seeing is well planned to save unnecessary fatigue and to see the worthwhile places within the time at our disposal. Competent lecturers will reveal to our patrons the outstanding features, literary, historic, artistic or scenic of the old World countries visited.

E. M. Wilson, local agent for the Canadian National Railways, will be glad to discuss these tours and arrange all details.

## ROCKYFORD

Mr. James Black, local manager of the Canadian Bank of Commerce, attended the managers meeting of the bank of Commerce at Calgary last week.

Mrs. D. J. Poole and daughter returned Sunday from an extended visit to Mr. Poole's home in the States.

Mrs. H. Boyce of Tacoma, Wash., is visiting her sister, Mrs. G. Pomeroy.

Mr. and Mrs. H. Dickson and Rose Parker and Messrs. Stevenson and Peterson, of Irtana, and Mr. J. Hildson, of Calgary, were Sunday visitors at Mr. and Mrs. R. L. Stone's residence.

Bad sleet and snow storm hit the Rockyford district Sunday night, continuing all day Monday. Who said winter was over?

Messrs. Thurston and Dorsey left from seventy-five to one hundred sheep in the storm.

How about a Donation Day celebration in Rockyford this year? Are there any patriotic Canadians residing in Rockyford and district. Let's say, gang!

Have you joined the Golf Club? Not, John Horn says to the one who.

The local post office has been granted permission to close on Wednesday afternoon's in conjunction with the business places closing during the summer months.

Have you done your part in the tree planting campaign? C. H. Walrod is setting a good example for all good citizens. Let's get busy, boys.

The Easter services in both churches were well attended, and the churches nicely decorated for the occasion.

Owing to the storm, the Easter Monday dance was postponed, and will be held next Monday, April 25th, in the Rockyford Hall, under the auspices of the Catholic Women's League.

Mrs. Percy Waddy has returned from Irtana, and will reside at her former home near Swanish.

The engagement is announced of Miss Cecelia McNeill to Mr. Albert Stitt. The marriage to take place some time in May.

The cattle losses are reported as being comparatively light, but a number of farmers had their sheep flocks badly depleted.

Mr. Thurston, of Nighthelm, is said to have lost about thirty sheep on Sunday night.

## LOCAL SLING SHOTS

C. H. WALROD sold a McCormick Deering tractor to the West Colony Horticulture. This means less work for "the boys." CALVIN HEDDER, in need of baiting, BILLY McLELLAN, now proud of his new cedar floor in his barn. HEIDI HUPPE working three days, no time for any other amusement. LAURA REDD doing up the women folk. Look out bachelors. EPHRAIM SCHAFER Sr. getting a kick out of driving a Fordson tractor. JAMES SCHMIDT has an order in for a (3) a new tractor we think. BILLY WALKER moved to Jolieton. VERNIE DRESSER has purchased a new Hart Parr tractor. FRED GIBSON sold a new Pontiac Six Coupe last week. BILLY HARWOOD also on the job selling Ford, three last week. E. W. PIEST visited his ranch near Husar last Friday. MISS T. O'NEILL received the lucky number, 12, at the show. THE SILEK GANG response for the town being wide awake Saturday night. THE MOVIE show at the local theatre was real good. Phil says a better one coming next week. MISS ARTHUR LEIGHTON spent the Easter holidays in Calgary. MISS PEAKIL LOPPEL taking her place at McGuire's office. WALLIS GIBSON, who has been away for some time, was last Thursday. STANLEY BERT visiting his home town and parents for Easter holidays. SKINNER KATZGAL. HAGEN has a new Essex Sedan. Will it bring results too?

## UNITED CHURCH NOTES

The United Church has been meeting the accounts of its year's work, and the reports of the synods, and the organizations of the church are all the while very encouraging.

The official board at its meeting reviewed the church's work over the past year, and encouraged in its own work more enthusiastically than ever in the new conference year. The annual meeting of the congregation will be held as follows: Crookston, on April 17th, Jarvis on April 21st, Rockyford on April 24th, at the close of the Sunday services at each of these places.

Elections and appointments to the board and reports will make it interesting to all who attend. Some of the statistics will be given in a further report of these meetings later.

Easter services were held at Crookston, Jarvis and Rockyford, and the Easter hope and confidence of life emphasized in music and scripture and address. At Rockyford a reception of members into the church made a fitting part of the worship of the day.

Phone No. 4 and R315, Rockyford, Alta.

## LANGDON

Several friends and neighbors spent a happy afternoon at the M. Drake home last Tuesday; the occasion being Miss Doris' birthday.

The Baseball Club had a "500" party in the W. I. room, April 17th. The "boys" gave everyone present a pleasant evening and served good refreshments. Prizes were won by Mrs. E. Moss and David McIntyre, while the consolation went to A. Burns (playing as a bats) and T. O'Connell.

The Ladies Aid of the United Church held a very successful business in the W. I. Room, Saturday afternoon. A fine cooling table, candy booth, fancy and useful articles of sewing and fish ponds were all well patronized. An afternoon tea was served, and the Aid fund was increased by a goodly sum.

"Erie" Scott says the hospital is no place to spend a vacation, but as he had an operation on Saturday morning he will have to spend it in the Holy Cross Hospital.

Sunday school and church services were combined, and a splendid program of songs and recitations was given on Easter Sunday. Rev. A. D. McQuaid gave an inspiring Easter message, while Mr. N. Hutchinson, of Calgary, delighted everyone with a solo.

Mrs. Webb, District Deputy President of District No. 13, L.O.O.P., and a party of eight, visited Clifton, Rockyford, Lodge No. 76, officially, Tuesday, April 12th.

W. Alcock is not enjoying the visit of his enemy, Imbago.

## GOLF

The course was well patronized over the week end, especially on Good Friday. Some good scores were turned in. Quite a number of green players were out for the first time.

A final golfers drive will be launched as soon as the weather permits. Barring the greens has been delayed due to non-arrival of sand.

The Captain has an extensive program outlined for the coming season, with valuable prizes for winners, and requests that each be properly marked and turned in to him so that true handicaps can be prepared.

A book has been attached to the sand box at number one tee, and all players are requested to register before starting in play.

Visitors from Calgary playing the course over the week-end commented favorably on the improvements to Fairways and the start being made on true playing.

The chairman of the Greens Committee points out that many of the younger players treated to sweep or mat the greens, and requests that this be done at every green, leaving the hole when finished, on the opposite side of the green to the tee that played from.

A social invitation is extended by the officials of the club to all players, old and new, and to the worldly golfers, to utilize the course.

## QUEBEC ELECTION TO

BE HELD IN MAY  
QUEBEC, April 19.—Provincial general elections will be held Monday, May 16. Nominations will take place on May 9. These dates were announced following a meeting of the cabinet this morning.

## Their Excellencies Make Friends in Banff

On their recent first official tour of the Dominion across the Pacific Coast, not the least attractive place visited by Governor General and his family, was Banff, Alberta, in the Canadian Rockies. Famous for the beauty of its scenery and the fine picture afforded by the Banff Springs Hotel, one of the most imposing and beautiful buildings of its kind in the North American Continent, which is shown here left.

As a record of their accompanying unusual photographs were taken by kind permission of Their Excellencies. They show Lord and Lady Willington each in turn feeling a massive specimen of Banff Bull who spends his lonely leisure in the Banff Park at Banff, member of this case observed as visitors at each tour are apt to be.

PHONE 72 STRATHMORE

### HAD A SUCCESSFUL YEAR

A few days ago Strathmore people who were given the opportunity of viewing the extensive plant at Trail in the film presented at Hillier's Theatre, through the kindness of the Canadian Pacific Railway staff, will be interested to learn further through the publication of the annual report that a wonderfully successful year's operations have just been completed.

The annual report of the Consolidated Mining and Smelting Co. for the first year 1926 revealed the anticipated increase in both gross and net earnings and a considerable and unexpected increase in the company's working capital. New profits from operations are shown at \$12,915,562, after taking care of current development, depreciation on plant and other regular charges. In the balance sheet the company's properties are carried at some \$20,000,000 lower than at the close of the preceding year. The plant account shows an increase of about \$700,000. The outstanding item in the balance sheet is the increase of over \$1,000,000 in bonds and other investments which are shown at cost at \$12,697,631. The company's total reserves and surplus are carried on its balance sheet this year at a figure in excess of \$5,000,000, over the 1925 figure.

### EMPIRE DAY CELEBRATION

A meeting was held last Wednesday at the Town Hall for the purpose of

formulating plans for a fitting celebration of Empire Day.

Representatives were present from the following organizations: The I.O.B.E., The Canadian Legion, The Masons, The Elks, The Women's Institute, The Town Band, The Town Council, the School Board, and the School Staff.

J. Finch was elected chairman and E. H. Crowder secretary.

The following tentative program was drawn up. Starting about 10 a.m. the parade will form up, probably at the Municipal Hall, where there will be singing of patriotic songs, and P. J. Buchanan and Mayor Skirving will address the children. The parade will then proceed to the school grounds. Here the sports, physical training competition and singing contest will take place.

In the afternoon a baseball tournament will be held, and there will be a dance at night. Mr. Hynes is endeavoring to obtain special pictures suitable for the occasion.

It is hoped that every school board and teacher in the district will heartily cooperate in making this a day when all the children will look back upon with genuine pleasure.

## SPORT NOTES

### YANKEES WILL HAVE

**\$350,000 PAYROLL.**  
NEW YORK.—If Herb Pennock, star left-handed pitcher, is really coming to get \$20,000 this year, baseball men estimate the total salaries to be paid to the Yankee regulars and second string men, also to Manager Huggins and Charley O'Leary, at \$350,000 for this year, which will be a new record in professional baseball.

Rube Ruth's salary of \$75,000 is public property. Col. Jacob Ruppert, sole owner of the Yankees, has confirmed these figures, the highest ever paid to a player. But in the case of the other men on the Yankees' payroll, salaries will not be made known officially. The managers, as a rule, prefer to keep their business relations with players secret. Publicity would cause ill-feeling and jealousy.

Estimated salaries, therefore, must satisfy the curiosity of the fans who are anxious to know how much money Ruth's companions will receive in return for trying to win another American League pennant. Beginning with Huggins, insiders declare that he is managing the team under a \$25,000 contract, \$15,000 more than he first signed for in 1925.

Under the leadership of Huggins the Yankees have won four pennants and a world championship since he took hold of them nine years ago last spring. As a result Col. Ruppert's ball club has become one of the biggest money makers in the major leagues. It is believed that George Fletcher and O'Leary draw about \$7,000 each.

Pennock, at \$20,000 a year, will stand next to Ruth in point of monetary value. Bob Messel, the hard-hitting outfielder, is reported to have signed a contract for \$15,000 for the year. In American league circles it is guessed that Waite Hoyt and Urban Shocker, veteran right-handers, will receive \$10,000 salaries.

The \$12,000 men are supposed to be baseman Joe Dugan and Centrefielder Earl Combs. Catcher Benough, First-baseman Gehrig and Pitcher Bob Shawkey are said to be in the \$10,000 class. The gossipists believe that Tony Lazzari, secondbaseman; Mark Koebig, shortstop; Pat Collins, catcher; and Ben Paschal, outfielder, are under contract for \$8,000 each.

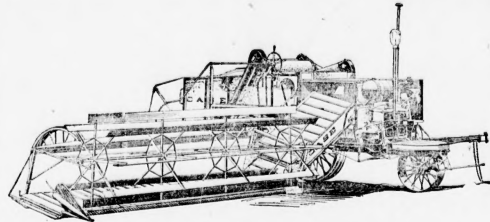

Salaries of \$5,000 each are assumed in the estimates to Outfielder Clyde Durrst, Southpaw Joe Glavin, Right-hander Beal and Infielder Mike Gaetz. The \$4,000 players are reported to be Pitcher Johnson, Thomas and the Piggies; Catcher Grabowski and Infielders Adams and Morhart.

A total of \$25,000 may be paid to newcomers—E. Davis, C. Hamilton, Ferrell, Wilkie and others. Some of these youngsters will be kept, but the Yankee owner will have strings attached to their contracts.

To offset \$350,000 in salaries, the Yankees must draw at least \$400,000 paid admissions at home in about forty games. The other expenses of the club are estimated at \$250,000, or 200,000 more paid admissions in thirty too much.

He disposed of Eddie Collins, Frank Baker, Stuff Melvin and others of the "greatest ball club," and said that he would build up another championship club from the college diamonds.

It has been computed that since that time the Philadelphia Athletics

## Barbor & Craddock

Phone 30, Strathmore, Alberta.

In all, his four trips have cost upward of two million dollars!

But the desire to possess remains, and he is more than willing to try again with a yacht or schooner surely to be called "Shamrock V," and which will cost, according to estimates, close to one cool million.

The trophy is just that—a solid silver mug that could be easily duplicated thousands of times for the money spent by the venerable Irish skipper in his quests for it.

Representatives of Sir Thomas Lipton are now in New York, attempting to perfect details of a series of races preliminary to filling a formal challenge.

There are more details connected with such an event than with any other sporting event. Chief differences at this time are said to concern the type vessels to be used and the place where the race will be held.

But if the challenge is made and accepted and Sir Thomas is successful in the race, the one great life ambition of the Irish sportsman will be realized. And there are many who have seen him take defeat gracefully who will be wishing him luck if he makes a fifth attempt for the trophy.

### ATHLETICS CORNER

#### BRAIN MARKET

FOOT MYERS, Fla.—Back in 1914 Connie Mack broke up a championship ball club, a \$100,000 infield and a reputation with the announcement that his players were too old and knew too much.

He disposed of Eddie Collins, Frank Baker, Stuff Melvin and others of the "greatest ball club," and said that he would build up another championship club from the college diamonds.

It has been computed that since that time the Philadelphia Athletics

have had almost a thousand young ball players and that Mack has spent a fortune looking for the inspired young ball players from the college lots.

Mack apparently has decided that wise old brains are better than fast legs, as may be witnessed by a list of kids who can't think like old-line up this season which will present Tony Cobb, Eddie Collins and Zack Wheat.

In addition to those old-timers, the Athletics will have a shortstop, Joe Roke, who cost the Athletics a reputed sum of about \$60,000.

The Athletics have more good base ball players than old Connie Mack knows what to do with. He has a pair of infielders, a pair of outfielders, four or five catchers and more than a dozen pitchers.

LONDON.—It is estimated that \$5,000,000, at least, was handled exclusively by bookmakers on the Grand National steeplechase, run at Aintree. Future books were made on the big race in Great Britain, Holland, Belgium and Denmark. It was said. Several hundred bookmakers took care of the public's wagers at the track. The race attracted 150,000 spectators.

The paramount betting system which thrives in France and other countries on the continent is not permitted in Great Britain. The British government, in control of flat racing and of steeplechases, compel the bookmakers, who now are compelled to pay taxes to the government. Indubitably, the bookies are satisfactory to the British racing public.

### THE CALGARY CRICKET LEAGUE

Over one hundred cricketers were in attendance at the meeting in Calgary.

The constitution will be the same as 1925, when the league was divided into

two divisions. The first six teams, after playing eleven games, will constitute the first division for the balance of the season, which should make for better cricket.

The Van Vort Cup competition will be revived this year, and the executive will make arrangements with the trustees.

The cups won last season will be presented at a smoker, which will be arranged under the leadership of J. A. Ayres.

The meeting found many new faces in attendance, and every team signified their intention to "carry on".

The following officers were elected: Patron—Lieut. Governor Ekbert. Hon. pres.—T. W. Bryant. President—N. D. Dingle.

Vice-President—S. H. Richardson.

Sec-Treas.—S. C. T. Booth.

Asst. Sec-Treas.—W. D. Friend.

Organ is Committee—Messrs. Robinson, Smith and Roth.

Boys' Committee—Messrs. Lockett, Patterson and Brandon.

Benefit Committee—Messrs. Walker, Roth and Smith.

### MANY BRITISH SETTLERS

#### ARRIVING IN ALBERTA

CALGARY, Alta.—Forming the vanguard of 110 British families that will come to settle in the Calgary district this year, F. McLaren, his wife and one child reached Calgary en route to Olds where they will take up land under the 1600 British homestead plan. Mr. McLaren is a farmer of experience who hails from Forfarshire, Scotland. According to plan the family was met at Olds by A. Fiedler, of the Land Settlement Board, and taken to the new home on an improved farm, where buildings have been erected and stock and equipment installed.

## CARSELAND

Manager Lee, of the Carseland  
 Baseball Club, is seeking a baby when  
 it comes to organization for 1927. He  
 has a lineup of players equal to the  
 1923 club. When Carseland never  
 was put under. We have the old  
 south-paw, Harry Houston, as pitcher,  
 supported by Buck Porter, Goo Mace,  
 Melvin Gherke, George Bros, R.  
 McWilliam, and several others not  
 as yet. Carseland sends out an  
 invitation to any club to play a game  
 anywhere, any place.

Mr. and Mrs. John Hesketh, of A.  
 rowwood, spent last Sunday with Mr.  
 and Mrs. R. Haskayne.

Wilson Wigman and family will be  
 moving to their new home at Delta  
 during this week.

H. Haskayne was the proud purchas-  
 er of a calf less than nine months old,  
 which weighed one thousand pounds  
 because of that old-time cattle and  
 Oscar Householder. If the farmers of  
 this district were to raise jelly meat  
 of this type, the district would not be  
 so much changing our month plates.

Mrs. Graham Forbes, of the Chat-  
 eau, is under the doctor's care at her  
 old home, Crossfield.

Mr. and Mrs. Aikman, of Calgary,  
 were visitors to their sister, Mrs.  
 Norman Match, during the week.

W. E. Cole, our leading merchant,  
 is extending his place of business,  
 building an addition to his store, where  
 he can cater to his many patrons  
 in the dry goods line.

In our latest storm we had as vis-  
 itors from Strathmore. Rev Smith and  
 family, Mr. and Mrs. Hirtle and daugh-  
 ter, and Cousin Tate.

Walter Avery, of Ontario, is spend-  
 ing a few days at the Chatreau.

"Smitty" who has a passion for visit-  
 ing country stores and collection museum  
 epigraphs while wandering around in  
 England, ran across the following:

"Lies slumbering here one William  
 Lake; he heard the bell but had no  
 brass. At 50 miles drove Alie Pidd;

 P. R. Lally, Phone 57. 20-4

he thought he wouldn't sell, but did.  
 At 50 miles drove Eddie Shaw; the  
 motor stopped, but Ed kept on. Here  
 he slept, one Johnny Fonger; he  
 rounded a turn without a looker,  
 down in the creek sleep Jerry Bass;  
 the bridge was narrow, he tried to  
 pass. Breathe this story sleep Willie  
 Hain; he ran on the hill, he had no  
 chains. Here lies the body of Wil-  
 liam Jay; who did maintaining the  
 right of his. And here's what the right  
 of Samuel Small; he paid no attention  
 to 'saw' signs at all. Here lies all  
 that's left of Harry; at the railroad  
 crossing he did not tarry. John Wil-  
 liam Jones lies under this thistle; he  
 didn't save the choo-choo's whistle.  
 We shed these tears for William  
 Hirtle, who killed his girl going round  
 the curve. Let's whimper once for  
 Stephen Stum, who called the trifle  
 too a lion. Come, place a rock for  
 Hiram Loom; for he was one who'd  
 hog the road. For Lon Loom's passing  
 our sad hearts ache; he stepped on  
 the gas when he meant the brake."

Municipal District of Bow Valley,  
 No. 219.  
 —
